

Bad (phospho Ser136) rabbit pAb**Cat#: orb764145 (Manual)**

For research use only. Not intended for diagnostic use.

Product Name	Bad (phospho Ser136) rabbit pAb
Host species	Rabbit
Applications	WB;IHC;IF;ELISA
Species Cross-Reactivity	Human;Mouse;Rat
Recommended dilutions	Western Blot: 1/500 - 1/2000. Immunohistochemistry: 1/100 - 1/300. ELISA: 1/20000. Not yet tested in other applications.
Immunogen	The antiserum was produced against synthesized peptide derived from human BAD around the phosphorylation site of Ser136. AA range:102-151
Specificity	Phospho-Bad (S136) Polyclonal Antibody detects endogenous levels of Bad protein only when phosphorylated at S136.
Formulation	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide..
Storage	Store at -20°C. Avoid repeated freeze-thaw cycles.
Protein Name	Bcl2 antagonist of cell death
Gene Name	BAD
Cellular localization	Mitochondrion outer membrane. Cytoplasm . Colocalizes with HIF3A in the cytoplasm (By similarity). Upon phosphorylation, locates to the cytoplasm. .
Purification	The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.
Clonality	Polyclonal

Concentration 1 mg/ml

Observed band

Human Gene ID 572

Human Swiss-Prot Number Q92934

Alternative Names BAD; BBC6; BCL2L8; Bcl2 antagonist of cell death; BAD; Bcl-2-binding component 6; Bcl-2-like protein 8; Bcl2-L-8; Bcl-XL/Bcl-2-associated death promoter

Background The protein encoded by this gene is a member of the BCL-2 family. BCL-2 family members are known to be regulators of programmed cell death. This protein positively regulates cell apoptosis by forming heterodimers with BCL-xL and BCL-2, and reversing their death repressor activity. Proapoptotic activity of this protein is regulated through its phosphorylation. Protein kinases AKT and MAP kinase, as well as protein phosphatase calcineurin were found to be involved in the regulation of this protein. Alternative splicing of this gene results in two transcript variants which encode the same isoform. [provided by RefSeq, Jul 2008],

Western Blot analysis of various cells using Phospho-Bad (S136) Polyclonal Antibody

Immunohistochemistry analysis of paraffin-embedded human breast carcinoma, using BAD (Phospho-Ser136) Antibody. The picture on the right is blocked with the phospho peptide.
