Radox - Anti CTLA4 (Cytotoxic T-Lymphocyte-associated Antigen 4) sdAb clone 3G8 (RAF9759)

Description

Recombinant single domain antibody

Alpaca and expressed in an E. Col...

Species/Host Camelus

Conjugation Unconjugated

Immunogen Human

Target Cytotoxic T-Lymphocyte-associated Antigen 4 (CTLA4)

Preservatives 1x PBS containing 0.09% sodium azide preservative.

Concentration Typically > 1mg/ml

Storage These fragments are stable at 4°C. It is recommended that for storage over extended periods they are kept at -20°C and should not be subject to repeated freeze-thaw cycles.

Note For research use only

Application notes These fragments contain His and c-Myc fusion tags which may be used for detection or immobilisation.² Recombinant antibody fragments are suitable for use in ELISA immunoassays, biosensor applications, western blots, immunohistochemistry, flow cytometry, immunoaffinity purification and most other immunological methods*

Clonality Recombinant

Purity > 90% assessed by SDS-PAGE.

MW Approximately 35 kDa

Dilution Range To be determined by end-user.

Expiration Date 12 months from date of receipt.
