

## Product Datasheet

### SHA 68 (orb1089895)

|                        |                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | SHA 68 is a potent and selective non-peptide neuropeptide S receptor (NPSR) antagonist with IC50s of... |
| <b>Note</b>            | For research use only                                                                                   |
| <b>Formula</b>         | $C_{26}H_{24}FN_3O_3$                                                                                   |
| <b>MW</b>              | 445.4854698                                                                                             |
| <b>CAS Number</b>      | [847553-89-3]                                                                                           |
| <b>SMILES</b>          | <chem>O=C1N2CCN(CC2C(C2C=CC=CC=2)(C2C=CC=CC=2)O1)C(NCC1C=CC(F)=CC=1)=O</chem>                           |
| <b>Expiration Date</b> | 12 months from date of receipt.                                                                         |
