| <b>Description</b>     | Recombinant Human Disks Large Homolog 4 Protein, His Tag                                                                                                                                                                                                    |
| <b>Species/Host</b>    | E. coli                                                                                                                                                                                                                                                     |
| <b>Reactivity</b>      | Human                                                                                                                                                                                                                                                       |
| <b>Endotoxins</b>      | < 1.0 EU/ug by LAL method.                                                                                                                                                                                                                                  |
| <b>Target</b>          | Disks Large Homolog 4                                                                                                                                                                                                                                       |
| <b>Note</b>            | For research use only                                                                                                                                                                                                                                       |
| <b>Purity</b>          | > 95% by SDS-PAGE.                                                                                                                                                                                                                                          |
| <b>Source</b>          | KMP1755, Recombinant Human Disks Large Homolog 4 Protein is produced by E. coli expression system. The target protein is expressed with sequence (Met1-Leu724) of human Disks Large Homolog 4 (Accession #P78352) fused with a 6×His Tag at the N-terminus. |
| <b>Expiration Date</b> | 6 months from date of receipt.                                                                                                                                                                                                                              |
