
Product Datasheet

SARS-CoV2 LxC1-G10 human neutralizing mAb Antibody (orb1945968)

Description

SARS-CoV2 LxC1-G10 human neutralizing

Spike protein trimers were coated at 2 µg/ml

Reactivity

Other

Conjugation

Unconjugated

Tested Applications

ELISA, FA

Immunogen

A recombinant SARS-CoV-2 spike protein containing RBD.

Preservatives

1X PBS

Concentration

0.5 mg/ml

Storage

-20°C

Note

For research use only

Isotype

Human IgG1k

Clonality

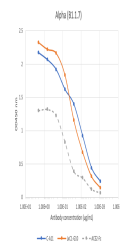

Monoclonal

Dilution Range

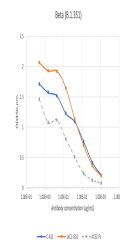

Experimental conditions may be optimized.

Expiration Date

12 months from date of receipt.

Spike protein trimers were coated at 2 µg/ml

Spike protein trimers were coated at 2 µg/ml
