| <b>Description</b>      | This is a synthetic peptide designed for use in combination with anti-K1456 Antibody (ARP57469_P050)...                                                 |
| <b>Preservatives</b>    | Lyophilized powder                                                                                                                                      |
| <b>Form/Appearance</b>  | Lyophilized powder                                                                                                                                      |
| <b>Storage</b>          | Add 100ul of sterile PBS. Final peptide concentration is 1 mg/ml in PBS. For longer periods of storage, store at -2°C. Avoid repeat freeze-thaw cycles. |
| <b>Note</b>             | For research use only                                                                                                                                   |
