

## Product Datasheet

### Human COMMD9 Protein, His Tag (orb2699875)

|                        |                                                                                                                                                      |
|------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>     | Human COMMD9 Protein, His Tag                                                                                                                        |
| <b>Reactivity</b>      | Human                                                                                                                                                |
| <b>Endotoxins</b>      | > 85%, determined by SDS-PAGE                                                                                                                        |
| <b>Target</b>          | COMMD9                                                                                                                                               |
| <b>Note</b>            | For research use only                                                                                                                                |
| <b>Purity</b>          | > 85%, determined by SDS-PAGE                                                                                                                        |
| <b>Source</b>          | This protein contains the human COMMD9 (Q9P000-1) (Met1-Lys198) was expressed with a polyhistidine tag at the N-terminus and expressed from E. coli. |
| <b>Expiration Date</b> | 6 months from date of receipt.                                                                                                                       |
