

## Product Datasheet

### Rag A antibody (orb668008)

|                            |                                                                                                                                         |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | Rabbit polyclonal antibody to Rag A                                                                                                     |
| <b>Species/Host</b>        | Rabbit                                                                                                                                  |
| <b>Reactivity</b>          | Human, Mouse, Rat                                                                                                                       |
| <b>Conjugation</b>         | Unconjugated                                                                                                                            |
| <b>Tested Applications</b> | IH, WB                                                                                                                                  |
| <b>Immunogen</b>           | Recombinant fusion protein of human Rag A. The exact sequence is proprietary.                                                           |
| <b>Target</b>              | RRAGA                                                                                                                                   |
| <b>Preservatives</b>       | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                               |
| <b>Form/Appearance</b>     | Liquid in 0.42% Potassium phosphate, 0.87% Sodium chloride, pH 7.3, 30% glycerol, and 0.01% sodium azide.                               |
| <b>Storage</b>             | Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles. |
| <b>Note</b>                | For research use only                                                                                                                   |
| <b>Clonality</b>           | Polyclonal                                                                                                                              |
| <b>Source</b>              | Rabbit                                                                                                                                  |
| <b>Uniprot ID</b>          | <a href="#">Q63486</a> , <a href="#">Q80X95</a> , <a href="#">Q7L523</a>                                                                |
| <b>Entrez</b>              | <a href="#">68441</a> , <a href="#">117044</a> , <a href="#">10670</a>                                                                  |
| <b>Dilution Range</b>      | WB: 1-500-2000                                                                                                                          |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                                                                         |
