VLDLR Antibody / VLDL Receptor (orb750176)

Description	Very Low Density Lipoprotein Receptor (VLDLR/VLDL receptor) is a member of the LDL receptor gene family which includes LDL receptor, LRP, megalin, VLDLR and ApoER2. The LDL receptor family is characterized by a cluster of cysteine-rich class A repeats, epidermal growth factor (EGF)-like repeats, YWTD repeats and an O-linked sugar domain. VLDLR associates with RAP (receptor associated protein) during receptor folding, and RAP facilitates the secretion of the extracellular region of VLDLR. VLDL receptor is thought to mediate the interaction of extracellular Reelin and cytosolic mDab1 (mammalian disabled protein), which activates a tyrosine kinase. This pathway regulates the migration of neurons along the radial glial fiber network during brain development.
Species/Host	Mouse
Reactivity	Human
Conjugation	Unconjugated
Tested Applications	IHC-P
Immunogen	A human recombinant partial protein from the C-terminal region was used as the immunogen for this VLDLR antibody.
Preservatives	0.2 mg/ml in 1X PBS with 0.1 mg/ml rAlbumin (US sourced) and 0.05% sodium azide
Storage	Store the VLDLR antibody at 2-8°C (with azide) or aliquot and store at -20°C or colder (without azide).
Note	For research use only
Application notes	The concentration stated for each application is a general starting point. Variations in protocols, secondaries and substrates may require the VLDLR antibody to be titered up or down for optimal performance.1. Staining of FFPE tissue is enhanced by boiling sections in 10mM Tris with 1mM EDTA, pH9 for 10-20 min followed by cooling at RT for 20 min.

Formula	0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced) and 0.05% sodium azide
Isotype	Mouse IgG1
Clonality	Monoclonal
Clone Number	VLPR-1
Purity	Protein G affinity chromatography
Uniprot ID	P98155
Hazard Information	This VLDLR antibody is available for research use only.
Entrez	7436
Dilution Range	Immunohistochemistry (FFPE): 1-2ug/ml (1)
Expiration Date	12 months from date of receipt.

IHC testing of FFPE human pancreas with VLDLR antibody (clone VLPR-1).
