
Product Datasheet

Morc3 antibody (orb750551)

Description

Morc3 antibody

Species/Host

Rabbit

Reactivity

Mouse

Conjugation

Unconjugated

Tested

ELISA, WB

Applications
Immunogen

Morc3 whole rabbit serum was prepared by repeated immunizations with a mouse Morc3 recombinant protein.

Preservatives

0.01% (w/v) Sodium Azide

Form/Appearance

Liquid (sterile filtered)

Concentration

80 mg/mL

Storage

Store vial at -20° C or below prior to opening. This vial contains a relatively low volume of reagent (25 µL). To minimize loss of volume dilute 1:10 by adding 225 µL of the buffer stated above directly to the vial. Recap, mix thoroughly and briefly centrifuge to collect the volume at the bottom of the vial. Use this intermediate dilution when calculating final dilutions as recommended below. Store the vial at -20°C or below after dilution. Avoid cycles of freezing and thawing.

Note

For research use only

Application notes

Anti-Morc3 Antibody is tested for use in Western Blot and suitable for ChIP and IF. Specific conditions for reactivity should be optimized by the end user. Expect a band approximately 110.8 kDa in size corresponding Morc3 by western blotting in the appropriate cell lysate or extract.

Isotype

Antiserum

Clonality

Polyclonal

Purity

Morc3 antibody was prepared from monospecific antiserum by delipidation and defibrination. The antibody is specific for mouse Morc3 in expressed cell lysates. Cross reactivity to other Morc proteins has not been determined.
