

## Product Datasheet

### V-FES antibody (orb843157)

|                            |                                                                                                                                            |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description</b>         | V-FES antibody                                                                                                                             |
| <b>Species/Host</b>        | Rabbit                                                                                                                                     |
| <b>Reactivity</b>          | Virus                                                                                                                                      |
| <b>Conjugation</b>         | Unconjugated                                                                                                                               |
| <b>Tested Applications</b> | ELISA, WB                                                                                                                                  |
| <b>Immunogen</b>           | Recombinant Feline sarcoma virus (strain Gardner-Arnstein) (Ga-FeSV) (Gardner-Arnstein feline leukemia oncovirus B) V-FES protein          |
| <b>Target</b>              | V-FES                                                                                                                                      |
| <b>Preservatives</b>       | Preservative: 0.03% Proclin 300. Constituents: 50% Glycerol                                                                                |
| <b>Form/Appearance</b>     | Liquid                                                                                                                                     |
| <b>Storage</b>             | Maintain refrigerated at 2-8°C for up to 2 weeks.<br>For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles. |
| <b>Note</b>                | For research use only                                                                                                                      |
| <b>Isotype</b>             | IgG                                                                                                                                        |
| <b>Clonality</b>           | Polyclonal                                                                                                                                 |
| <b>Uniprot ID</b>          | <b>P00542</b>                                                                                                                              |
| <b>Expiration Date</b>     | 12 months from date of receipt.                                                                                                            |
